

EID in action

Thursday 17th May - 9am - 2:30pm

Come along to learn more about EID technology and how it can help improve your productivity.

The day will include presentations from industry experts, live demonstrations and tips for how to get started with the technology that is available.

Presentations from:

Norm Smith, Glenwood Merino Stud - How implementing technology has impacted Glenwood's bottom line

Robert Wyld, Sapien Technology - How to implement EID technology from the start

Anthony Shepherd, Sheep Matters - Improving Reproduction and lamb survival in Merino Sheep

Jim Gordon, Glensloy - The importance of Structure and Shape in Merino sheep

Lunch will be provided at Glenwood Merino Stud.
Please RSVP by the 7th May for catering purposes.
